

How to make a Cat Charmer Wand toy

Materials needed:

- Wooden dowel
- Shoelaces (No ribbons please!)
- Colorful tape/washi tape (optional)
- Small screw eye hooks

Step 1

Screw eye hook into the end of the wooden dowel. Secure tightly.

Step 2

Thread two shoelaces half way through the eye hook. This leaves four laces hanging down for easy play.

Step 3

Gather all the strands and tie an overhand knot at the eye hook so that they do not pull out.

Step 4

Wrap wooden dowel with washi tape for decorative flair, if desired.

Step 5

Donate completed wands to your local animal shelter or use to play with your pet cat!
