

How to make a Ring Ball Cat Toy

Materials needed:

Toilet paper roll

- Scissors
- (Optional) Glue or needle and thread
- (Optional) Cat treats

Step 1

Cut three or four strips of the toilet paper roll, forming rings. The thicker the rings, the less likely you will need glue or needle and thread to secure.

Step 2

Arrange the loops and secure in place with glue or needle and thread, if needed.

Step 3 (optional)

Add cat treats into the middle of the ring ball.
